

FLEXFILL 200

Filling machine

for
automatic filling
of trays

The Flexfill 200 machine provides automatic filling of trays and packs. Due to its unique concept, this machine can fill sensitive and difficult to handle products.

The filling weight is adjustable by the filling time and speed. The capacity is 20 shells of 200 grams per minute, weighing included. It can be more or less depending on quantity and accuracy.

The system is based on dosing by a screw. The filler has its own control, e.g. compact display, also various product programs can be loaded.

Following options are available:

- ♦ synchronization with a step filling conveyor
- ♦ step filling conveyor with variable speed (for transporting trays for filling)
- ♦ crate turner (multipurpose model based on standard or gastronom crates)
- ♦ various product screws
- ♦ fine dosing head (specially suitable for fine and small products)
- ♦ weighing unit (with weigh buffer and feed buffer)
- ♦ step filling conveyor (type SFC) is available in multiple versions

The robust Flexfill 200 is made of stainless steel or FDA approved plastics. It has been conceived caring specially about simple maintenance, easy and efficient cleaning and is, therefore, best suitable for professional applications.

Technical specifications:

Capacity (200 g shell):	up to 20 pcs / min.
Content of funnel:	100 l
Voltage:	230 V / 50 Hz / 2 Ph
Air pressure:	max. 6 bar
Width x length x height:	1040 x 1020 x 1800/2200 mm
Weight:	250 kg

cutting · washing · drying · peeling · dividing · mixing · packing

- **Belt cutting machines**
GS 10-2, GS 20, GS 25V
- **Slice and wedge cutters**
Tona S, Tona E, Tona S 180K
- **Special cutting and punching machines**
Tona Rapid, Tona Rapid 3D, Tona Rapid XL, Multicorer, TT 450, Multislicer
- **Cube and strip cutter** KUJ V
- **Multi purpose cutting machine** KSM 100
- **Cabbage cutting machine** CAP 68
- **Cabbage corer** KSB
- **Dicing, wedging & shaping machine** PGW, HGW
- **Vegetable and salad washing equipment**
- **Centrifuges**
- **Peeling machines**
for citrus fruit, melons, apples, potatoes, carrots, celeriac, etc.
- **Vertical flow packaging machines**
- **Special machines**
- **Complete production lines**

We develop and manufacture single and special machines as well as complete processing lines for the food processing industry.

KRONEN - smart solutions and convincing technology for the food processing industry!

We look forward to
your request!
