

TONA S180K

Vegetable and fruit processing machine

for precise cutting
of fruit and vegetables
in segments, slices, sticks,
figurines, etc.

The **Tona S180K** is a smart combination of the proven Tona E wegder & Tona S slicer. It allows to cut vegetable and fruit into segments, slices, sticks and figurines.

The **Tona S180K** is equipped with blue centring fingers (on 16 standard product holders), fruit and vegetables are gently fixed in the centre of the holder. Various cutting inserts assure to achieve the required cutting results.

Perfect cutting results – simple and fast change of tools

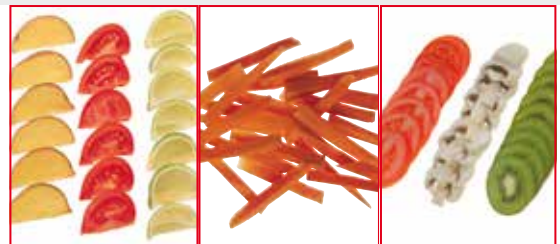

With the **Tona S180K** it is possible to process product to a maximum diameter of 85 mm at a capacity of 20 pieces per minute (1200pcs/h). All cutting inserts used on the Tona Rapid can now be used as well on the **Tona S180K**.

A set for the **Tona S180K** consists of a special pusher, a support plate and the cutting insert.

As a standard, the Tona S180K is mounted on a mobile frame with hight adjustable castors.

Accessories

- A multitude of cutting inserts is available for a great variety of cutting shapes:
 - ♦ segmenting, wedging and slicing
 - ♦ 2- to 24-dividers with and without coring
 - ♦ grid cutter for sticks
 - ♦ many other special inserts are available on request
- Outfeed belts with or without good product / waste sorting (e.g. apple cores) are available as optional extras.
- The cut pieces fall directly onto an outfeed belt or directly in a container. This assures a fast and effective outfeed, without handling.

Technical specifications:

Capacity:	20 cycles/min = up to 1.200 pcs / h
Voltage:	230 V, 50 Hz
Air pressure:	6 bar
Air consumption:	17 NI per cycle
Product diameter / infeed height:	Ø 85 / 100 mm
Infeed height:	ca. 800 mm
Width x length x height:	1000 x 800 x 1400 mm
